

Following the issue of HSE guidance (ref.INDG382) entitled 'Driving at work - Managing work-related road safety' operators should have updated all their relevant documentation and systems to comply with this guidance. This includes their Health & Safety basic statement and full policy document.

The guidance also states that it is 'best practice' to collect all their road risk policies into one document.

Contact Minimise Your Risk to produce a road and driver safety policy for you. We will conduct a complimentary audit to establish where you are with your current road risk policies.
